SUMMARY

Flutter Mobile Application Developer with **1+ year of professional experience** building production-ready cross-platform applications. Skilled in Flutter, Dart, REST API integration, Riverpod, authentication, RBAC, and business application development. Experienced in developing scalable UI, integrating backend services, debugging applications, and delivering real-world mobile solutions.

TECHNICAL SKILLS

Mobile Development: Flutter, Dart, Android

Backend Development: Node.js, Express.js

Database: MySQL

Tools: Git, GitHub, Android Studio, VS Code, Postman, Google Play Console

Other: API Integration, Responsive UI, Form Validation, CRUD Operations, Debugging

PROJECTS

Order Management System (OMS)

Flutter Mobile Application

Flutter, Dart, Riverpod, REST API

- Developed a comprehensive Order Management System using Flutter and Riverpod, optimizing state management for real-time inventory and production tracking.
- Integrated RESTful APIs for seamless data synchronization and implemented secure file attachment workflows, client-side validation, and role-based access control.
- Implemented real-time state synchronization across interdependent modules, ensuring instant UI updates for order and inventory changes and improving overall application responsiveness.

BT360

Business Management Mobile Application

Flutter, Dart, Riverpod, REST API

- Developed a business management application using Flutter and Dart with Riverpod for managing orders, payments, and inventory.
- Integrated REST APIs to sync fabric stock and sales data between the mobile application and backend.
- Built user-friendly screens and features to simplify order tracking, stock management, and daily business operations.

Lawgik

Legal Practice Management Application

Flutter, Dart, REST API

- Developed a cross-platform legal practice management application using Flutter and Dart, streamlining case and client workflows.
- Integrated REST APIs to enable secure, real-time synchronization of legal documents and client records across devices.
- Implemented efficient state management and optimized application performance, resulting in a highly responsive user experience.

Crew

Mobile Application

Flutter, Dart, REST API

- Developed an event management application using Flutter and Dart, featuring QR-based check-ins and equipment tracking to streamline operations.
- Integrated REST APIs for user authentication, event data synchronization, and subscription payments.
- Implemented state management for the organizer dashboard to provide a smooth and responsive user experience.

Book Management App

Mobile Application

Flutter, Dart, Node.js, Express.js, MySQL

- Developed a mobile application for managing book-related information with structured UI and CRUD functionality.
- Implemented reusable Flutter widgets and form validation for efficient data management.

EXPERIENCE

Flutter Mobile Application Developer

OnebyZero Labs

1 Year
Calicut,Kerala

- Developed and maintained cross-platform mobile applications using Flutter and Dart for real-world business requirements.
- Built responsive and reusable UI components based on business requirements.
- Integrated **REST APIs** and implemented authentication, role-based access, and data-driven features.
- Implemented authentication flows including login, logout, token refresh, password reset, and secure token storage.
- Implemented role-based access control and permission-based UI functionality for different user roles.
- Used Git and GitHub for version control and collaborated with backend developers to integrate and test APIs using Postman.

Flutter Developer Intern

Nizzcorp

3 Months
Malappuram,Kerala

- Assisted in developing mobile application features using Flutter and Dart.
- Worked on UI implementation, API integration, form handling, debugging, and application testing.
- Gained practical experience in mobile application development, Git-based workflows, and software development practices.

EDUCATION

AKNM GPTC Tirurangadi

Diploma in Computer Engineering

Malappuram, India
2021 – 2024

Haris & Co. Academy

Full-Stack Application Development

Calicut, India
2024 – 2025

CERTIFICATIONS

Course Completion – Full-Stack Application Development

Haris & Co. Academy, Calicut

Seminar on Flutter

IEDC, 2024
